MATCHING MACHINE

How well do you know the Masters of Spinjitzu? Probably better than this machine does! It was supposed to match the pictures of the ninja with their descriptions, but it got mixed up. Fix the machine's mistakes and write the correct number and letter below each ninja's name opposite.

PIRATE CREW

The evil, wish-granting djinn Nadakhan has brought his pirate crew to Ninjago world. Can you find their names in the grid? Watch out - one of them is missing! Mark the missing pirate's picture.

CELEBRITY FEAST

Some time later ...

Who's paying?

Me.

Erm ...
I must have forgotten
my wallet.

You'll just have to
work to pay for your
feast!

How about we wash
some dishes?

That's
a great idea ...

... just make sure you get
it all cleaned up before we open
tomorrow!

FIRE!

Cyren is testing how powerful the pirate catapult is. Count up how many of each different brick she has fired and write the total numbers in the boxes below.

BATTLE MACHINE

Doubloon's Raid Zeppelin is perfectly designed for air strikes. Look at the Sky Pirate's flying machine and match the names to the parts.

A LEGO pirate ship model is partially visible on the left side of the page. It features a black hull with a white skull and crossbones, a white mast with a black flag, and a white engine nozzle with a black flame. The ship is built with various LEGO bricks and pieces.

A. HOT AIR BALLOON

B. ENGINE NOZZLE

C. FLAG

D. CANNON

E. STEERING WHEEL

F. BARREL WITH DYNAMITE

G. SIDE MISSILE LAUNCHER

H. COCKPIT WITH RADAR

WANNABE FUGITIVE

Kryptarium prison is no place for the ninja. The heroes are planning to break free. Find out who wants to escape from the prison with them. Count the symbols around the characters. The one with the largest amount is the wannabe fugitive.

PRISON ESCAPE

Help Zane, Captain Soto and their fellow fugitive escape from Kryptarium prison! Guide them through the prison yard to Kai, but stay out of sight of the cameras. If they travel within the camera range, the alarm will be triggered!

FENCING LESSON

During an intensive sword fighting lesson, the ninja destroyed this poster of the Sky Pirate ship. Can you put it back together ready for another training session? Write the numbers of the pieces in the right places.

PIRATE CHALLENGE

Nadakhan has sent Sqiffy on a spying mission to Ninjago City. Which of the pictures on the opposite page is the mirror reflection of Sqiffy flying his winged vehicle?

4

WHO'S MISSING?

These dice have pictures of the Sky Pirates on them. They should all be the same, but some of the pictures are missing. Finish the dice by writing the correct numbers on the empty sides.

GENERAL OVERHAUL

Monkey Wretch is the fastest mechanic in Nadakhan's crew ... and the only mechanic! How fast can you do a general overhaul of *Misfortune's Keep*? Write the correct numbers in the spaces below to replace the ship's old parts with the new ones shown opposite.

MYSTERY LAIR

Cole is flying to Tiger Widow Island to find a giant spider's lair, but he's lost his way in the clouds. Help him complete his mission by discovering where he is.

CLUE: Three symbols that look exactly like the ones on the opposite page mark Cole's position above Ninjago Island.

SCARY BEAST

The only thing that can help defeat the evil djinn is venom from a giant spider called Tiger Widow. But the beast won't give away its venom without a fight! Help Jay complete his mission by choosing the line that will lead him to the giant spider.

FOOLPROOF TRAP

You really think the ninja will fall into this trap?

Ha! Of course they will! My plan is foolproof.

They're coming!

Don't make a sound!

AIR SUPPORT

The Sky Pirates are trying to stop the ninja from getting the venom. Guide Master Wu through the maze, so that he can get to Tiger Widow Island and help the ninja fight their opponents.

THE DRAGONS' WARM-UP

The ninja are preparing for their next battle with the Sky Pirates - the mighty dragons are soaring through the air! Look carefully at the scene and mark two of the smaller pictures that do not belong to it.

DOMINO MASTERS

The Masters of Spinjitzu love playing dominoes! Use the tiles at the bottom of the page to complete the missing sections of the domino chain. Remember, the characters on the new tiles need to match the characters that come before and after on the existing tiles.

QUICK FIX

Nya and Jay have found a prototype of Zane in an old lighthouse. The old nindroid could help them fight the Sky Pirates, but they need to activate it first! Fix the torn wires by connecting the ends on the left to those on the right, so that each one adds up to ten.

PIRATE ATTACK!

The Sky Pirates have laid siege to the lighthouse! The ninja are fighting hard, but Nadakhan's evil crew won't let go until they're defeated.

It seems that good fortune has smiled on the ninja! Look at these two pictures and spot eleven differences between them.

SKY PIRATE CLASH

Misfortune's Keep is the Sky Pirates' biggest and most powerful airship. Look at the battle the ninja are fighting on board the ship and mark which sentences are true and which are false.

1. There are three
ninja in the picture.

2. Cole is using his
scythe in the action.

3. Lloyd is in hot
pursuit of Flintlocke.

4. Nadakhan is
wielding two swords.

5. Monkey Wretch is
shooting a cannon.

HIDDEN MACHINE

Lloyd can't tell which flying machine is his in the darkness. Look at the ships and help the ninja find the one that looks the same as the machine he is thinking about.

THE MISSING DETAIL

Look carefully at the picture of the ninja on their bikes. The four pictures on the opposite page are almost identical. Can you circle the space where one thing is missing from each one?

RACE TO *SKY SHARK*

Nothing beats an opportunity to sit behind *Sky Shark's* steering wheel! Who will be the lucky one today? Add the numbers along the lines leading from each pirate to the air ship. The smallest total will reveal who will pilot the vessel.

DJINN ARMY

Nadakhan conjured up lots of images of himself, but not all of them are perfect. Look closely at the djinn army and spot three that are different from the others.
